**Patrick O'Donnell, 70th District Assemblymember**

Some of the bills being worked on: change LB infrastructure projects to design/build; partner with the cities to set aside oil revenues to be used to shut the oil pumps down safely; require hospitals to give Sacramento earlier notice they are going to shut down to allow time to find new owner; change parameters of getting homeless into shelters. Various questions of the members were answered. Contact info: (562) 429-0470; Sacramento (916) 319-2170; [www.asmdc.org/o'donnell](http://www.asmdc.org/o'donnell)

**Update on Community Hospital**

The city has entered into a lease to run the hospital. The state is treating CH as a new hospital, meaning all state agencies are needed to approve every department. New owners coming in. Opening date not yet announced but operators of the hospital are hopeful it will be with the next several months.

**Next meetings: March 5th - CBD Oil and products "Healthy, not High"**

**April 2nd - "Second Street - Where Do We Go from Here?"**
